- 25X1X2. According to [REDACTED] an NO school was located in the only barracks installation in Lauenburg. It was opened in late 1946 or early 1947 and attended by trainees from 16 to 25 years old. *

3. Up to November 1950, it was common knowledge among the population of Przedeck (Q 53/C 50) that a detached Soviet unit was located in the town of Krosniewice (Q 53/C 79), in the Kutno (Q 53/O 89) district. Neither Soviet troops nor detached units were located in and around Przedeck. In source's opinion, news on the arrival of Soviets in this area would have circulated among the population very rapidly. **

25X1A * Comment. A previous report of January 1951 stated that the barracks installation in Lauenburg was occupied by Polish infantrymen. See
25X1A
25X1A ** Comment. It is believed that the detached Soviet unit mentioned in the present report is a Soviet signal communications detail to maintain Soviet long-distance lines.
